

Imminent Analytics Architecture

MAY 16 & 17, 2018

CLEVELAND PUBLIC AUDITORIUM, CLEVELAND, OHIO

WWW.NEOOUG.ORG/GLOC

Agenda

- About Axiom Path
- Analytics Expectation
- Advanced Analytics Architecture
- Q&A

Axiom Path

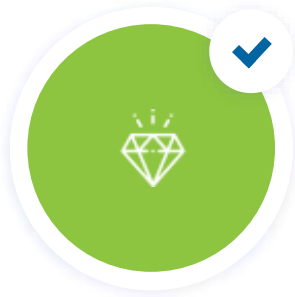

Organization

Committed to creating and delivering value to our global clients by providing the highest quality of professional consulting services

Innovation

Continuously investing in our resources to create an environment of Innovation while leading our clients seamlessly through high impact change

Quality

Drawing upon our deep experience to deliver consistently high quality services by integrating Quality as a core aspect of every delivery

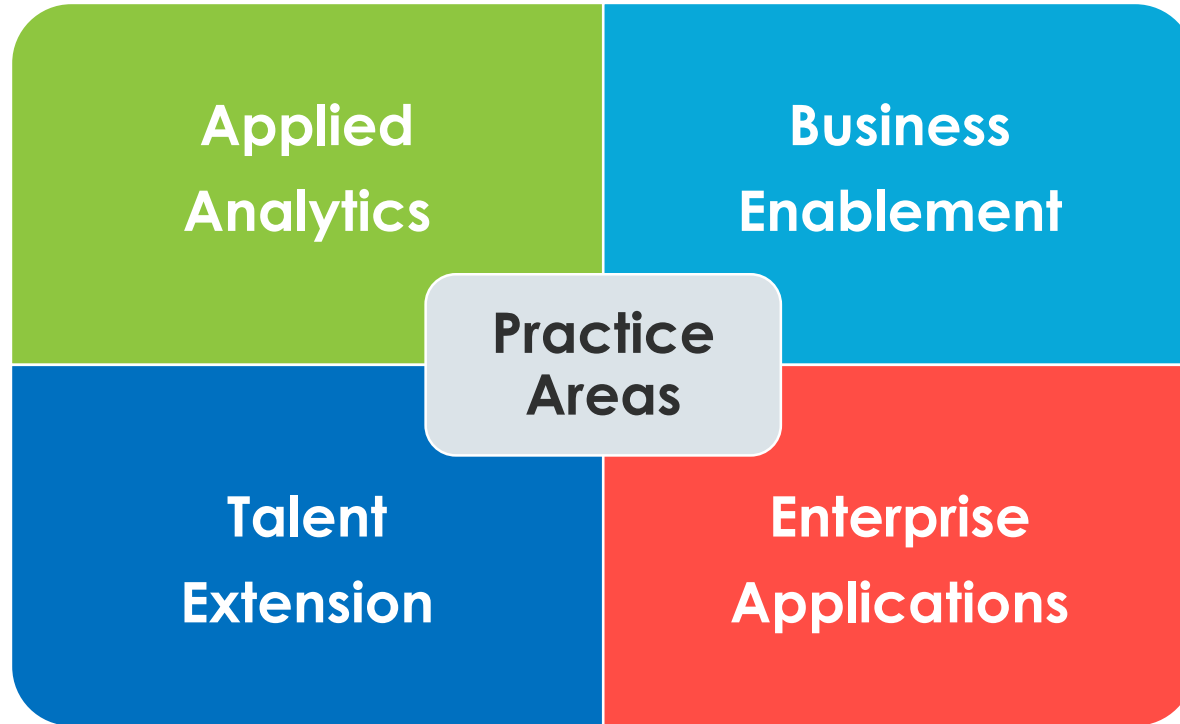

Relationship

Building relationships based on trust and a commitment to continue investing and strengthening them. We are in it for the long run

Axiom Path

Practice Areas

Applied Analytics

Overview

Data is a lazy asset, it needs to be whipped up, taken to the gym, put on a regimen before we can make a fine athlete out of it

Service Lines

Getting Started With Analytics

- Insights Driven Enterprise Assessment (IDEA)

Start Using Analytics

- Transform Data Into Insights

Maximize Your Analytics Investments

- Information Lifecycle Management

Generate Value

- Analytics Point Solutions
- Data Science as a Services (DSAAS)

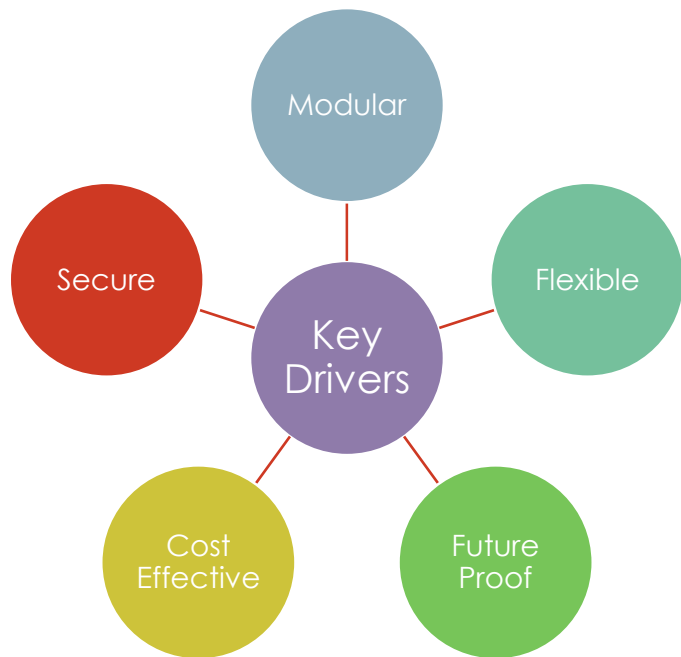

Challenges

- Dis-Integrated Systems
- Number of Transaction Systems
- IT Analytics Capabilities
- Heterogeneous Business Operations
- Inconsistent Data Definition
- Lack of Master Data Strategy
- Varying Analytics Needs

Analytics System Principles

- Self Service, Data Discovery and Data Quality
- Global Accessibility
- Accommodate all forms of data and different shapes of same data
- Facilitate for Innovation at different divisions
- Provide Master Data Consolidation Capabilities
- Ensure Data Abstraction and Loose Coupling
- Unified View of Information
- Establish Data Governance and Dictionary
- Advanced Analytics Capabilities

Key Architecture Drivers

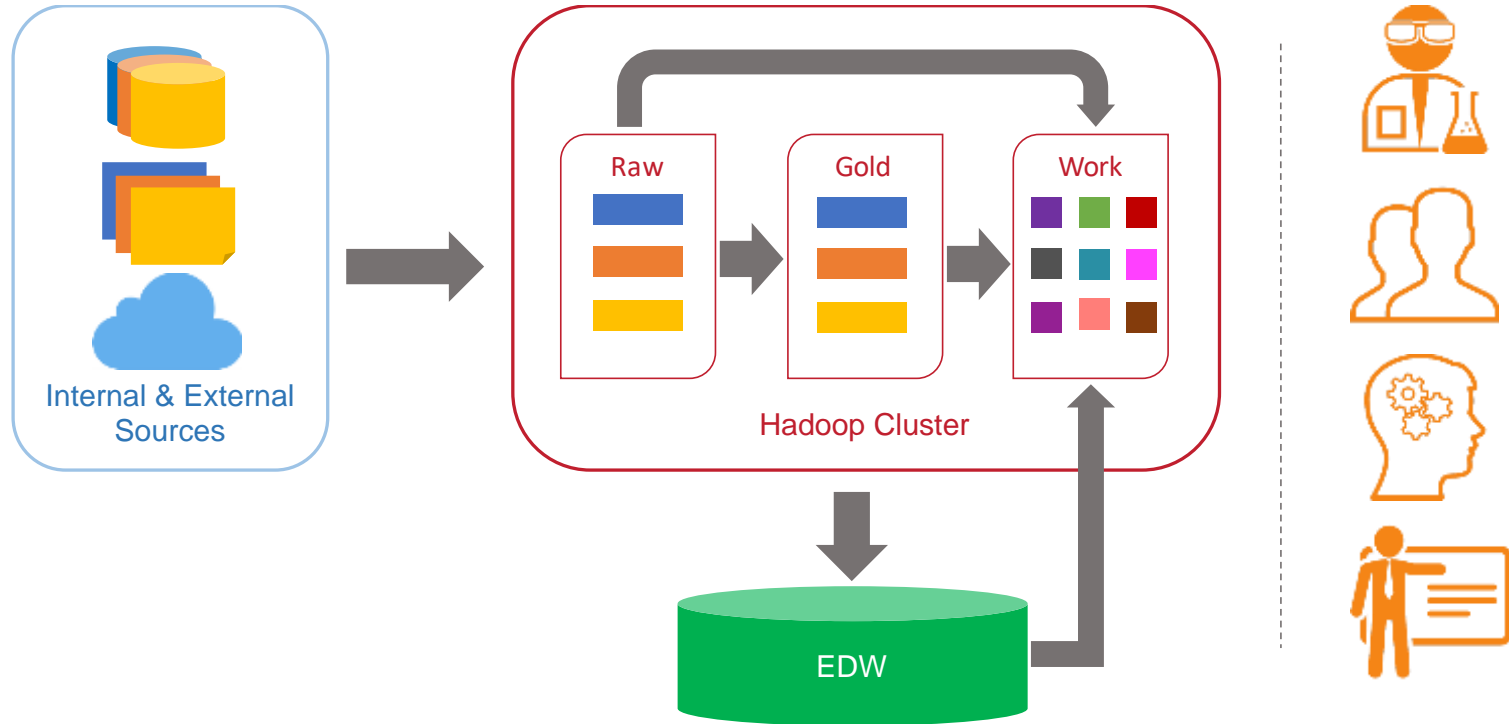

Modular – Same data used for multiple projects

Flexible – Ability to be deployed anywhere and available anywhere

Future Proof – Address new Analytics Requirements and technologies

Architecture

Q&A

There is nothing called a dumb question

Applied Analytics

Overview

Data is a lazy asset, it needs to be whipped up, taken to the gym, put on a regimen before we can make a fine athlete out of it
